Display Type:	Imperial Bespoke	Value:	£1999 (£2348.83 inc VAT)
Display Details:	Ground & Aerial – HIGH IMPACT	Duration:	9-10 minutes
Additional Extras:	Additional firework options listed on price list under 'Extras'		

Imperial Display Firework Sequence

The Imperial Ground & Aerial Display is the pinnacle of our wedding displays. We value the rain forests and so the full content is not listed here, but described in simple terms, from a barrage and candle shot perspective, it contains similar content to the Platinum Display with an additional 200 shots. BUT.... The big difference with the Imperial display is the shell content. The shell content is increased exponentially and is effectively doubled with an awe-inspiring cacophony of approximately 140 shells. Double that of the Platinum display.

NOTHING could be more special on your big day.
